

CALL FOR PAPERS

The 8th Annual Meetings of the Armenian Economic Association in
Yerevan, Armenia on June 15-16, 2018

Scholars, researchers and graduate students are invited to present their research in all areas of economics and finance during the 8th Annual Meetings of the [Armenian Economic Association](#) jointly hosted by the [Tumo Center for Creative Technologies](#) and the [American University of Armenia](#).

Papers may address growth and development issues in Armenia and the South-Caucasus, integration with the Eurasian Union and the EU, regional trade patterns, trends in labor markets and migration, tax policy, income inequality, regulatory reforms, or other topic on current advances in economics and finance. Both theoretical and empirical works are welcome.

The language of the conference is Armenian and English. Sessions will be organized by language and JEL fields:

- Microeconomics; Industry Studies
- Macroeconomics and Monetary Economics
- International Economics; Trade
- Financial Economics; Finance
- Public Economics, Political Economy
- Labor and Demographic Economics
- Growth, Development, and Transition Economics
- Urban, Rural, and Regional Economics
- Marketing and Business Administration

The Armenian Economic Association NGO is a nonprofit, nonpartisan, organization dedicated to promoting Armenian scholarship in economics. The annual conference is one instrument employed to achieve this goal. Contributions and sponsors are welcome.
